PRODUCT DETAILS

Xuanjue serves you, operates with integrity and serves with heart

Brand:SUNWARD
Model :90E
Total track length: 2920mm
Platform ground clearance :800mm
Platform tail end turning radius: 1800mm
Chassis width :2320mm
Track width :450mm
Chassis ground clearance :350mm
Track height :660mm
Total length :6400mm
Cab ceiling height :2665mm
Boarding width :2250mm

ADVANTAGE

- 1,Powerful power: imported engine, optimized hydraulic system, improved excavation efficiency, standard electronic throttle, automatic idle system, high efficiency, energy saving and environmental protection.
- 2,Stable and reliable structure: The reinforced working device and bulldozing device have strong excavation force, stable and reliable structure, and excellent collaborative working performance. It can easily complete loading on the ground or carrying heavy objects.
- 3,Strong stability: The unique side-mounted double boom cylinder structure of the same tonnage has stronger boom lifting force and lifting capacity, and the stability of the whole machine is more reliable.
- 4,Comfortable driving experience: The enlarged driver's cab complies with FOPS/ROPS standards, has two-level adjustable seats, exquisite interior instruments, and spacious working space, which greatly improves operating comfort and riding safety.

PACKING AND SHIPPING

1. Bulk carrier: Suitable for larger construction equipment without disassembly.
2. Container: The cheapest and fastest way is to put the machine into the container that needs to be disassembled.
